GETTING STARTED

We took away three documents from our sessions last year with Stuart Todd, the external consultant. They were:

A project plan and checklist

A consultation and engagement plan

A consultation key stages checklist

All these documents can be found at <http://www.mackplan.org.uk/index.php/housing-survey/>

We now need to re-familiarise ourselves with the overall timescale, focus on the initial stages of the project and consultation plans and then decide how best to take them forward.

We should aim to finish by 9pm.
