

Milton Abbot, Chillaton and Kelly Neighbourhood Plan

Bradstone: Chillaton: Dunterton: Kelly: Meadwell: Milton Abbot: Quither

12th January 2017

Attached is a revised version of the questionnaire plus a covering 'letter'. I've done that cover sheet as a means of getting a lot of text off the first page of the questionnaire. It also allows us to have full cover printing of that page only [because of the photos] and cheaper spot colour printing for the questionnaire. The photos are just there to achieve the layout; we will need to get some good shots of Milton Abbot, Chillaton and Kelly.

The text in red on the questionnaire is the result of your suggested amendments and some revisions of mine. I have also completely re-set the layout to create more white space.

There is also a new section [Part 5] which is where we can take the opportunity to get residents' views on non-MACKPlan issues. There's only one example at present, but it would be good if we could find one for Milton Abbot [? Future of their village hall, request for volunteers, etc].

I appreciate that viewing documents on tablets, etc. saves paper, but when fixing the layout of the questionnaire, I think it is important to be looking at what the public will receive – a printed A4 version. If anyone has difficulty in printing off a colour version of the above documents, please let me know and I will run off extra copies for the meeting.

Best regards

Howard
